

b.) Amendments to the specification:

Rewrite the first paragraph on page 6 as follows:

Each of the limbs 3 and 4 has an outer or buccal wall 10 which is of such height as to extend both above and below the level of the mesh 8. At the lingual edge of each limb 3 and 4 is a row of projections 11 which, as shown, also extend above and below the level of the mesh 8. The projections 11 are spaced from and free of the adjacent wall 10 by a web 12 which has a plurality of spaced openings 13 extending therethrough.
